### About the Parent Support Group

Have an open case? Come and get your questions answered.

#### Parent led, informational support group

Talk with parents who have been through the CPS process

- How long will the process take?
- Can I visit my child outside of the CPS office?
- What rights do I still have as a parent?
- Can I speak to anyone above my caseworker?

Be sure to tell your caseworker you want to come!

These meetings are all about you as a parent. Come to as many as you want.

Snacks will be provided!
