

UNIVERSAL HUMAN TRAFFICKING PREVENTION TRAINING EQUIVALENT CURRICULUM APPLICATION AND REVIEW PROCESS

INITIAL APPROVAL FOR NEW APPLICANTS

STEP 1: EQUIVALENT CURRICULUM DEVELOPMENT OR SELECTION

Texas Child Centered Care (T3C) Providers interested in submitting an equivalent curriculum to meet the requirement for Universal Human Trafficking Prevention Training (UHTPT) should carefully review or develop the selected curriculum in accordance with the Department of Family and Protective Services (DFPS) UHTPT Core Components. The DFPS UHTPT Core Components are the standards used to assess equivalent curriculum.

STEP 2: SUBMIT APPLICATION AND TRAINING CURRICULUM FOR REVIEW

Submit the completed application and UHTPT Equivalent Curriculum to DFPS. Submissions must include the course outline, content, handouts, slide deck and trainer script and/or notes.

STEP 3: REVIEW PROCESS

The submitted training curriculum will be reviewed by a designated T3C Compliance Analyst. Followed by a second level review by the DFPS Human Trafficking Division.

Reviews will yield an approval or denial determination. Compliance Analyst will notify providers of approval or the need for enhancements.

If the training is denied approval, revisions to the denied training curriculum, should be submitted for a subsequent review (return to Step 1).
