### ***The T3C System Blueprint, 9th Edition Change Log Review***

DFPS Stakeholder Webinar

February 5<sup>th</sup>, 2026

# Welcome

- Thank you for joining today's webinar hosted by the DFPS T3C Project Management Office.
- Today we will be reviewing changes made to the *T3C System Blueprint, 9<sup>th</sup> Edition* that was released by DFPS on January 29<sup>th</sup>, 2026.

## Before We Get Started

---

- Today's Webinar is being recorded, and the recording along with a copy of the PowerPoint presentation will be posted on the DFPS T3C Webpage: [https://www.dfps.texas.gov/Texas\\_Child\\_Centered\\_Care/whats\\_new.asp](https://www.dfps.texas.gov/Texas_Child_Centered_Care/whats_new.asp).
- The TEAMS chat feature for this Webinar is not enabled, so if you have questions about today's presentation or about the *T3C System Blueprint*, or the T3C System in general, please e-mail them to [dfpstexaschildcenteredcare@dfps.texas.gov](mailto:dfpstexaschildcenteredcare@dfps.texas.gov). This mailbox is closely monitored, and we will respond to your questions.
- The T3C Project Management Office maintains a current list of Frequently Asked Questions (FAQs) on the DFPS T3C System webpage, with newly added or updated questions marked. We encourage everyone to routinely review the FAQs to learn more about the effort.
- To access a copy of the **latest** version of the *T3C System Blueprint* please visit: [https://www.dfps.texas.gov/Texas\\_Child\\_Centered\\_Care/documents/t3c\\_blueprint.pdf](https://www.dfps.texas.gov/Texas_Child_Centered_Care/documents/t3c_blueprint.pdf)

### What's New

See the Full Credential Application Forms and link to the T3C Credentialing Platform on the [Full Credentialing](#) page.

As of January 1, 2026, the Interim Credential is no longer available as an application route for providers. Any Provider who started completing the Interim Credential Application but was unable to submit it, needs to re-evaluate their completed responses for purposes of moving the information to the Full Credential Application. The webpage for the [Interim Credentialing](#) has been updated to reflect only relevant ongoing information. Comprehensive information on the Interim Credential is still available in the [T3C System Blueprint](#).

#### T3C System Blueprint Update

## The T3C System Blueprint & Change Log

---

- *The Blueprint* is a guide for Texas foster care stakeholders to gain an understanding of the framework and parameters inherent in each of the twenty-four (24) Service Packages and three (3) Add-On Services.
- A webinar that walks stakeholders through how to read the *T3C System Blueprint* is posted on the DFPS T3C webpage and can be accessed by visiting: <https://www.youtube.com/watch?v=rw8cJR5OTB4&feature=youtu.be>
- The document will be updated quarterly (January, April, July, October) to include revisions (if necessary) and provide detailed information related to transition and implementation of the T3C System.
- The Service Packages and Add-On Services are defined in the *Blueprint*, and there should not be substantive changes to requirements. Updates between editions are intended to provide additional clarification to language, largely based on stakeholder questions submitted through the FAQ process.
- Sections related to readiness/implementation, resource opportunities, credentialing, contract oversight and monitoring are intended to change between Editions, as more information becomes available.
- With the release of each quarterly edition of the *T3C System Blueprint*, DFPS will release an updated version of the “Change Log”. The purpose of the *T3C System Blueprint Change Log* is to provide detailed information on changes made to the *T3C System Blueprint* between published versions, for ease in tracking and to ensure transparency.
- The *T3C System Blueprint Change Log* can be accessed by visiting the following: [https://www.dfps.texas.gov/Texas\\_Child\\_Centered\\_Care/documents/t3c\\_blueprint\\_change\\_log.pdf](https://www.dfps.texas.gov/Texas_Child_Centered_Care/documents/t3c_blueprint_change_log.pdf).

### PROVIDER INFORMATION

- [General Information](#)

The Blueprint is a guide for Texas foster care stakeholders to gain an understanding of the framework and parameters inherent in each of the twenty-four Service Packages and three Add-On Services.

The *Texas Child-Centered Care System Blueprint* is a product of the Texas Department of Family and Protective Services (DFPS) and is updated quarterly (January, April, July, October) to include revisions (if necessary) and provide detailed information related to transition and implementation of the T3C System. Included with each revision, is a Change Log that details any changes made in the document.

The transition to this new system is an iterative process where lessons will be learned, and modifications will be made for continued improvement, so the *T3C System Blueprint* will be the primary vehicle for communicating changes.

Any changes made will be described in the Change Log.

# How to Read the Change Log

The Cover Page will always include the “As of” date, so that it is clear when the log was last updated.

The Change Log will be refreshed quarterly and will show a running list of all changes made between editions.

The Change Log reflects the following:

**Item number**- running list of numerical changes

**Date of Change**- reflects date of edition where change was made

**Prior Page Number**- where changed content was located in prior edition

**Previous Language**- language used in prior edition that is changing.

**New Page Number**- where changed content is reflected in latest edition.

**Revised Language**- reflects changes made to language.

- Bold – denotes changed text
- Italicized and Bold – denotes new text
- Strike through and Bold – denotes deleted text

# Item 8. What is Full Credentialing?

**Reason for Change:**

**Clarifying that the expiration date of additional Service Package Credentials, that are obtained after a Provider has already been awarded a Full Credential, will remain aligned with the expiration date of the original Full Credential.**

This is intended to simplify the Provider's tracking of when Annual Reports and Re-Credentialing will occur.

## Tier I: Services to Support Community Transition for Youth & Young Adults who are Pregnant or Parenting: Service Package Expectations

### Reason for Change:

Clarifying that Providers with this Service Package Credential must also maintain the Tier I: T3C Basic Child Care Operation Service Package Credential, in order to be able to accept placement of the biological child/children of the youth parent when the child/children is in DFPS custody but is placed with the youth parent while working towards family reunification.

### **Please Remember:**

- **Each Service Package and Add-On Service is Distinct- while there may be some policies/procedures, model(s), etc. that are common across your agency/organization– having a clearly defined program that is designed to meet the custom needs of children (based on the specific Service Package/ Add-On Service) through targeted services/ interventions/ treatment is required under the T3C System.**
- **The T3C System does not replace any of the requirements associated with your permit and Minimum Standards.**
- **Being Credentialed qualifies a provider to offer a specific Service Package and Add-On Service, but is not the same as having a DFPS or SSCC residential child care contract to serve children, youth, and young adults. Once Credentialed, the provider’s DFPS and/or SSCC Residential Contract(s) will have to be amended in order to serve children under the new Service Package or Add-On Service.**
- **The placement process changes under the T3C System- using a *Collaborative Universal Screening/ Services Planning Process*, the child’s needs dictate the type of Service Package to be sought, and providers are identified based on whether they are Credentialed *and* Contracted to provide the Service Package.**
